

## Data Analytics & Early Alerts

### MANY USES

- Drop Out Prevention
- Graduate Competencies
- Athletics Eligibility
- Gifted & Talented
- ELL Adequate Progress
- Behavior
- Early Literacy
- Grades
- Program Acceleration
- At Risk
- & More!*

### CUSTOMIZED

- Combine, weigh, and evaluate data
- Incorporate multiple data sources
- Align to state requirements

### AUTOMATED

- Monitor students for many alerts in one central location
- Alerts automatically update as data are added
- Status updates are automatically sent when student statuses change

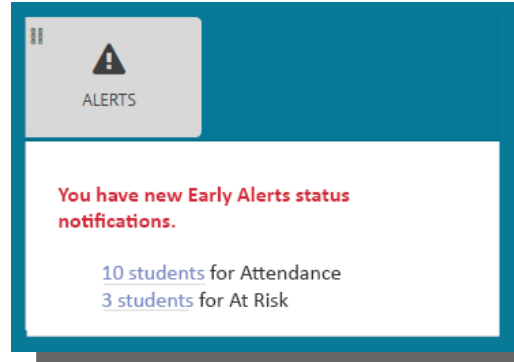

## Examine Root Causes

Quickly understand specific student needs so you can respond right away

At Risk of Dropping Out						
First Name	Last Name	Attendance	Behavior	Grades	Tests	Overall
Bette	Adams	Low Risk	Low Risk	Low Risk	Low Risk	Low Risk
Donna	Anderson	Some Risk	Low Risk	Low Risk	Some Risk	Some Risk
Michael	Atkins	Low Risk	Some Risk	Some Risk	Low Risk	Some Risk

## Alpine Support

Alpine helps you create your alerts, design reports, and establish your follow-through process

## What Your Colleagues Are Saying About Alpine:

“We have been looking for a tool like Alpine for many years and we have **finally found what we need.**

Alpine is very flexible in accommodating our district's data and reporting needs, which is refreshing to see in an established company.”

- Rick Seybold

Director of Technology  
Grafton School District, WI

“Alpine takes the hunting and gathering out of data and **puts everything at our fingertips** for timely decision making.”

- Carrie Nigreville

District Administrator  
Clovis Municipal Schools, NM
